

14th October 2019

Dear Parent/Guardian

Maths Week Ireland 2019

Camphill Primary School is taking part in 'Maths Week Ireland', which runs from the 12th - 20th October 2019. During this week the children will be taking part in lots of active, fun maths activities along with getting outdoors to take part in some outdoor maths learning!

As part of this week, children have a **special maths homework** - this is as follows:-

P1 -P4 - Children need to use their "maths eyes" and find examples of maths in the environment. This could be numbers, shapes, weight, capacity - anything with a maths theme. Please take a photo of the maths they find and **send it into school or email it to info@camphillps.ballymena.ni.sch.uk**, remembering to include your child's name and class.

P5-P7 - Children will make a poster of their favourite maths joke, this can be made by hand or using ICT, eg. Microsoft Word. Class teachers will provide a sheet of paper, if needed, and will tell children the night that this has to be completed.

Let's support our children with their learning during Maths Week Ireland!

Mrs K McMaster
Principal
